High ROI

Gurumantra ensures that every penny you invest will come back double shining.

Placing to perfection

Gurumantra is not just about equipping students for the industry. It brings the industry to the institute gate. Gurumantra's **Genuine Placement Assistance** offers a job opportunity for every student thereby empowering them to face the computing world head on.

Structured excellence

Gurumantra's commitment to teaching doesn't just end with imparting quality education. It goes well beyond into providing well furnished lab and classroom complemented by a good collection of books and instructional DVDs. For better understanding and to egg-on practice, separate computer is provided for each student.

The gurus

Wisdom begets wisdom. It is this faith that drives Gurumantra to recruit some of the finest heads in the computing field. Armed with years of experience and potent technical knowledge, the faculty is hand picked to equip you with all the necessary tools and techniques.

Going beyond theory and practical

Knowledge alone doesn't pave way to success; it is the blend of personality and attitude that helps open doors to a plethora of opportunities. And saluting this verity is Gurumantra. Organizing Social gathering, Industry visits and Presentations, Gurumantra leaves no stone unturned in moulding the students to perfection.

Steering careers in the right direction

To have a liking for a particular career is one part of the story and to have the aptitude for it is another. Gurumantra, with its Career Counseling cell, acts as the link between these two sections. Based on systematic and detailed observation, the counseling aims to help the students to have realistic approach towards career and identify their expertise.

Listen, talk, communicate

Communication, oral or written, is a vital skill needed by every person irrespective of his or her profession. It might be an information facilitator or barrier to idea transfer. Gurumantra's communication workshops enables the students to scale new heights in their career by communicating effectively.

I have the power to bring things to life.

I am an animator.

I connect people across the world.

I am a website designer.

I create ideas that sell.

I am a graphic designer.

I am what I am.

I am my own identity.

Gurumantra
 Define Your Identity

You - your own identity

You are as unique as your fingerprints, as distinctive as your DNA and that's precisely what we strive to achieve - your unique identity.

In a world where your educational qualification determines your true value and your aptitude sets the tune for a sky rocketing career, Gurumantra with its unique features and strengths chisels your skills, moulds your talents and helps you define your identity so that you stand apart from the rest - uniquely.

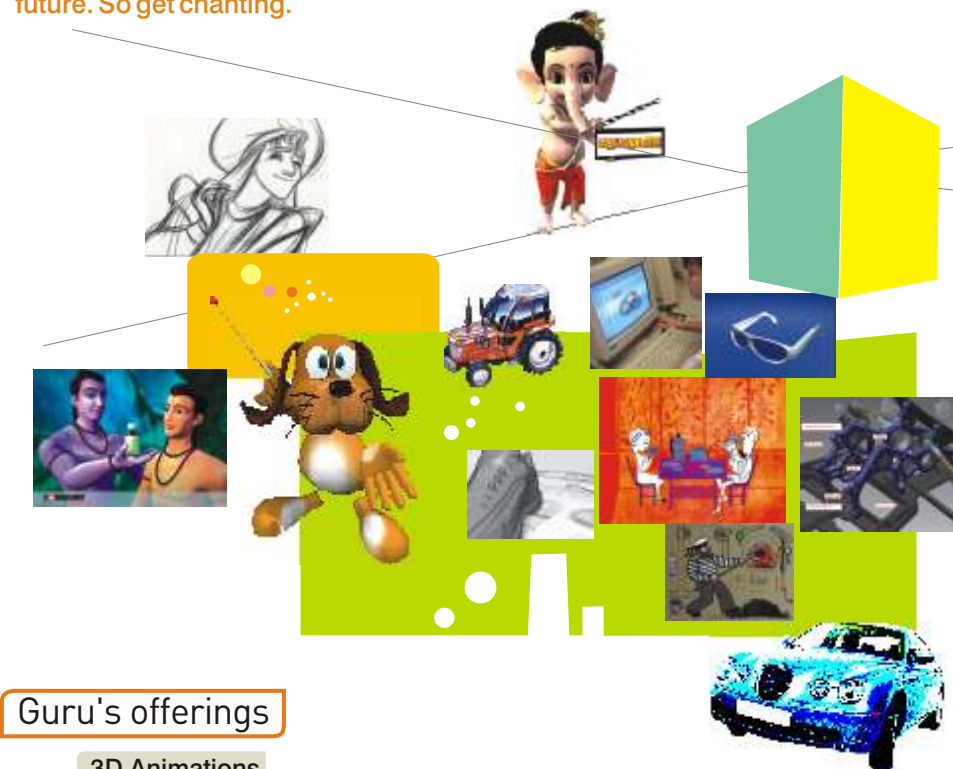

The digital art and animation arm of CAD/CAM/GURU, a well known institute conducting programs in CAD, CAM & CAE, Gurumantra is a new-age training institute offering programs in Visual Communication, Multimedia and Animation.

The computing mantra

Software tools alone don't make fine artists. It is the unique mix of visual sense and aesthetic awareness, blended in with the knowledge of software tools that sets the tune for the perfect melody.

Essence rooted in the strong foundation of value added education; software courses fine tuned to meet the needs of industry; highly proficient faculty, invaluable tutoring, hands-on experience and real-life projects all collaborate to provide an environment that breeds talent and encourages creativity.

Gurumantra is the power that will drive the future. So get chanting.

Unique chants

Bringing practical and academics together

Gurumantra understands the need to bridge the exceeding gap between industry and academics. The syllabus is designed to provide a practical base of industry needs and at same time a solid base of pure academic theory. Well known persons from industry will interact with students to keep them updated.

Crystal clear operations

Gurumantra believes that it is the right of every student to measure the standard of syllabus and faculty vis-à-vis industry benchmarks. It is this commitment to maintaining transparency that enables students to freely communicate with seniors.

Careers galore

In today's world of intense competition and challenges, it is imperative to be proficient in not one but variety of fields. It is this understanding that has led to designing of a wide ended course structure that caters to a larger spectrum of industry.

Course of action

Courses designed as per the industry norms aim to deepen your knowledge and equip you with valuable skills to advance your career prospects.
